

Fly Traps

FLY TRAPS

A. VECTOR® DISCREET ELECTRONIC FLY TRAPPING SYSTEM JOHNSON DIVERSEY

Each unit is provided with one 26W UV bulb and a set of adhesive trapping boards. Note: Two boards used at a time. For indoor use only. A stylish insect light trap which uses high efficiency compact tubing offering the same light output as traditional fluorescent lamps. It is unobtrusive and its attractive design allows for placement in public areas where fly control needs to be less obvious. Meets all FDA and USDA Requirements for Use in and Around Food Handling Facilities (when used as directed.)
