B. WD-40® LUBRICANT WD-40

Protects metal from rust and corrosion, penetrates stuck parts, displaces moisture, and lubricates just about anything. Cleans grease and grime from most surfaces. Also dissolves adhesives, allowing easy removal of labels, tape, stickers and excess bonding material. It displaces moisture and dries out electrical systems to eliminate moisture-induced short circuits. Loosens rust-to-metal bonds and frees stuck or rusted metal parts. Lubricating ingredients hold firmly to all moving parts.
